

Hi there!
Thank you again for registering for Camp Thunderbird this summer!

You have indicated that your camper will be riding the **Atlee Branch Library** bus this summer. Each bus stop is associated with a different color so that campers can find the correct bus when going home at the end of the day. Your camper's bus color is **BLUE**. We refer to this color while at camp, so we advise guardians to use this color when talking to your campers about which bus they are riding. This particular route will pick-up from the bus stop location at **7:45AM** and bring your camper(s) back to the bus stop by **5:45PM**.

Here is the step by step process for bus stops this year. Please ensure that only one mode of transportation is selected for each week.

Please read in depth, as there are changes from last year.

## **Drop-Off:**

- 0. Arrive to drop-off at the site/bus and park in a spot close to the designated in the picture above. This is where the bus will park.
- 1. This year, parents may park and walk their campers up to the bus.
- 2. Staff will make sure that each camper is on the roster and has their required paperwork.
  - 3. Camper will receive a seat assignment and be on their way!

## Pick-Up:

- 1. Arrive to drop-off at the site/bus, park, and form a line at the bus when the bus arrives.
- 2. Staff will check your government issued picture ID to authorize the pick-up and sign out from the bus.
- 3. Be prepared for sleepy, tired, and messy campers! It's a camp thing!

Swift Creek Family YMCA is also home to Camp Swift Creek which is located on the other side of the building. They will have campers arriving during this time. Please ensure that you are in the correct lot for pick-up.

We will be sending out more information about your camper's session(s) very soon, but for now, feel free to email us with any questions!

## Have a great day!
